	Dear General Smith:	a clipping from yesterday's
	re #5 of my suggestions, a of fingerprints should be issued to be taken by the consular offi and the control prints by the potter that the point of entry. I think that yesterday's my concepts of the situation of 1949.— That young son of a Russume on Oct.13,1947, that his charthe revolution and the gripes viewed then in Herlin won't get ly, believe that the Kremlin is the "Voice of America" should be	form-sheet holding two sets of, of which the first ought ice that originates the visa, ort-or border authorities at news from Russia confirmed which I wrote you on Nov.22, sian liaison officer, who told nce in Russia might come after of all the mujiks I interior off my mind. I still, and firm in serious trouble, and that be utilized for fostering that a www III. America must be de-Americant The Voice of the Conscience at 250 W 57th St,NYC, ought can born Socialists and Libera broadcasts be eliminated. The nother information agency, but forces, a hard striking weapon has been done is waste. I how which incidentally I congratured to put the Voice on the levent of the put the Voice on the levent of the contraction of the levent of the put the Voice on the levent of the contraction of the levent of the put the Voice on the levent of the contraction of the levent of the put the Voice on the levent of the contraction of the levent of the contraction of the levent of the put the Voice on the levent of the contraction of the contraction of the levent of the contraction of the contractio
